PROFILE SUMMARY

Motivated second-year BSc Computer Science student with hands-on experience in network security, ethical hacking, and web application security. Proven ability to develop tools (e.g., an automated log parser in Python) and conduct vulnerability assessments. Eager to contribute to real-world security projects through an internship.

EDUCATION

2023 - 2026 GTN ARTS COLLEGE

• BSc Computer Science CGPA: A+

SKILLS

- Network Security
- Linux Commands
- Packet Analysis
- Log Monitoring
- Port Scanning
- SQL Injection
- Python Scripting
- Threat Detection
- Risk Assessment
- Vulnerability Scanning
- Web Security

PORTFOLIO

Visit My Portfolio 🔗

PROJECTS

1. Automated Log Parser Tool

Tools: Python, Regex, Matplotlib, Pandas

- Built Python tool to parse multiple log types automatically
- Detected brute-force and suspicious access patterns
- Exported data to CSV and Excel with charts

2. Network Vulnerability Assessment

Tools: Nmap, Nessus

- Scanned networks for open ports using Nmap and Nessus
- Identified vulnerabilities and prioritized security risks
- Created detailed reports with remediation advice

3. Log-Based Threat Detection

Tools: Linux Logs, Event Viewer

- Analyzed Linux and Windows logs for suspicious activities
- Detected brute-force and privilege escalation attempts
- Highlighted key indicators of compromise (IoCs)

CERTIFICATES

Google Cyber Security Proffessional @ 17/04/2025

Ethical Hacking on Internshala 2 14/11/2024
